WHY CHOOSE VOIX-1040 ENC?

Engineered for professionals who demand superior audio clarity, all-day comfort and seamless connectivity.

AI-POWERED ENC MICROPHONE

Advanced ENC technology filters out unwanted background noise for crystal clear conversations.

CRYSTAL CLEAR HD AUDIO

High quality 28mm speakers deliver natural sound with rich detail for calls and multimedia.

ULTRA LIGHTWEIGHT DESIGN

Weighs only 155g with soft protein ear cushions for fatigue-free use even during long hours.

USB PLUG & PLAY

No drivers required. Just plug in and start communicating instantly.

TYPE-C COMPATIBLE

Comes with Type-C adapter for modern devices.

BUILT TO PERFORM

Durable build quality ensures reliability you can depend on every day.

ENHANCED CALL CLARITY

Every word heard loud and clear.

IMPROVE PRODUCTIVITY

Better communication drives better results.

COMFORT THAT LASTS

Designed for all-day wear without strain.

VERSATILE CONNECTIVITY

Works with all your favorite platforms.

COMFORT THAT LASTS ALL DAY

Ergonomic design combined with premium materials ensures maximum comfort even during long working hours.

ADJUSTABLE HEADBAND

Perfect fit for every user with flexible adjustment.

ULTRA LIGHTWEIGHT

Only 155g for feather-light comfort all day long.

SOFT PROTEIN EAR CUSHIONS

Breathable cushions reduce pressure on your ears.

FLEXIBLE BOOM MIC

Adjustable mic for the perfect position.

BUILT FOR DURABILITY

Premium build quality for long lasting performance.

DESIGNED FOR PROFESSIONALS

Every detail crafted to keep you comfortable, focused and productive all day.

CALL CENTERS

Clear communication for better customer interactions.

OFFICES

Seamless conferencing and collaboration.

WORK FROM HOME

All-day comfort for remote professionals.

EDUCATION

Ideal for online classes and training sessions.

AI-POWERED ENC NOISE CANCELLATION

Advanced Environmental Noise Cancellation (ENC) technology filters out unwanted background noise so you can focus on what matters most – crystal clear communication.

AI-ENHANCED ENC

Smart AI algorithm identifies human voice and removes surrounding noise.

UP TO 95% NOISE REDUCTION

Blocks up to 95% of ambient noise for distraction-free conversations.

FOCUS ON YOUR VOICE

Ensures your voice is heard loud and clear, every time.

IDEAL FOR NOISY ENVIRONMENTS

Perfect for call centers, busy offices, and work-from-home setups.

THE DIFFERENCE IS CLEAR

HOW ENC WORKS

1. CAPTURE

The microphone captures your voice and ambient noise.

2. ANALYZE

AI algorithm analyzes and separates voice from unwanted noise.

3. FILTER

Unwanted background noise is filtered out in real time.

4. DELIVER

Only your clear voice is delivered to the other side.

Crystal Clear
Conversations,
Every Time.

LESS DISTRACTION

Reduces background noise for better focus and productivity.

BETTER PERFORMANCE

Clear communication leads to better customer satisfaction.

ALL-DAY COMFORT

Communicate comfortably for longer without strain or interruptions.

RELIABLE TECHNOLOGY

Built with advanced ENC technology for consistent performance.

INTELLIGENT INLINE CONTROLLER

All Essential Controls. Right at Your Fingertips.

The intuitive inline controller gives you complete control over your audio experience – adjust volume, mute, and manage calls effortlessly without needing to access your device.

MIC MUTE / UNMUTE

Mute your microphone quickly during or meetings.

VOLUME UP

Increase the volume for clearer and louder audio.

VOLUME DOWN

Decrease the volume for comfortable listening at any time.

USB CONNECTOR

Decrease the volume for comfortable listening at any time.

HOW THE INLINE CONTROLLER WORKS

Press the ENC button to activate or deactivate noise cancellation.

Press the Mute button to mute or unmute your microphone.

Use + / - buttons to increase or decrease the volume.

Works seamlessly with your calling application for a smooth communication experience.

PLUG, PLAY & COMMUNICATE

No software. No setup. Just plug in and start.
